Immerse yourself in a week-long experience that will leave you inspired for the rest of the year!

Join mosaic artists Laurel True and Valerie Nicoladzé at Valérie's Esprit Mosaïque Studio near Avignon, France to explore and celebrate your creative spirit through mosaic art.

This carefully curated experience will combine hands-on studio time, insider sightseeing, experiential learning, amazing food and wine, visits to local markets, an invitation to an intimate garden soirée and wine tasting and a walk through the countryside when the lavender is in bloom. The week ends with a picnic in the lavender fields.

Participants will enjoy time to create together in an inspiring studio environment with Valerie and Laurel, a dynamic teaching team with the shared philosophy that creative expression is accessible to all.

Esprit Mosaïque Studio (celebrating it's 10 year anniversary in 2020!) is full of inspiration and color, offering a welcoming place to learn, create and spend time in community with other mosaic enthusiasts. The focus of the workshop will be creating radial and mandala-inspired forms. Students will be guided in the design and creation of a personal mosaic piece, working on a circular base provided by the studio.

(Projects will easily fit in luggage to carry home, wrapping materials provided!)

The studio is stocked full of beautiful, unique materials from around the world for students to use in their mosaics.

Laurel and Valérie will share their over 40 years of combined experience with students, offering lessons focusing on various techniques including precision cutting and setting techniques for glass and ceramic.

Lessons offered will include:

Using design prompts to help students find their unique creative voice

- Use of mosaic tools including lesser-known European tools
- Combining different materials and texture effectively
- Mosaic setting with glass, ceramic and mixed media
- Special cuts for mirror and glass for exciting visual effects
- Color combining and design direction

More Specifics:

Workshop participants stay at Hotel de l'Atelier, a quaint well-appointed hotel in Villeneuve les Avignon, a short ride from the studio. Students have been well taken care of for 7 years running by Hotel de l'Atelier's amazing staff.

Lunches during the week will be taken together at a great local restaurant walking distance from the studio.

Mosaics studio sessions are scheduled in the mornings and afternoons, with an optional evening session.

Students have most evenings on their own to dine and explore the many restaurants in all price ranges within walking distance in Villeneuve or in Avignon, a short taxi ride away.

There will be one optional group dinner during the week in Avignon, as well as a garden dinner soirée hosted by Valerie and her family. This special evening includes a wine tasting of regional and local wines, led by Valerie's husband, Gilles le Fur, a consultant in the world of French wine. Past participants have loved the educational information about wine production and tasting lessons offered in Gilles' easy and humorous style. This special evening includes savory Provençal treats, grilled specialties, a variety of cheeses and a special dessert course.

The Adventure Continues...
